

## 2024 IIMS Community Engagement Small Project Grant Awardees

The Institute for Integration of Medicine & Science (IIMS) and the UTSA College of Health, Community and Policy are happy to announce that 5 community-academic partnerships from South Texas have been awarded \$5,000 grants as part of the Community Engagement Small Project Grants program. This program enables partnerships to develop activities that lead to the translation of research for public health benefit. Grants are available to newly developed or current partnerships with projects focused on: (1) research/assessment, (2) education/training, and/or (3) dissemination/communication of research results, program features, or policy implications. The 2024 awardees are:
