

## Come visit the *All of Us* Journey traveling exhibit

Come and visit the *All of Us* Journey. This traveling educational exhibit is heading to local areas across the U.S. We want to share the goal of *All of Us*, which is to speed up breakthroughs in health research. The Journey has activities to help you learn about the program. We'd like to welcome you aboard. The *All of Us* Research Program is a new research program from the National Institutes of Health. The goal is to learn how differences between us might lead to different types of treatments.
